

Infectious Diseases Society of America

# Elections 2021:

Applying for the IDSA and HIVMA Board of Directors

# 2020-2024 STRATEGIC PLAN

## MISSION STATEMENT

To improve the health of individuals, communities, and society by promoting excellence in patient care, education, research, public health, and prevention relating to infectious diseases.

## VALUES

- Leadership • Excellence • Diversity •
- Collaboration • Innovation •

## STRATEGIC PRIORITIES

Advance IDSA's role as a preeminent source of information and knowledge

Champion the essential value of the ID physician in improving health outcomes

Expand IDSA's impact in advancing quality patient care, driving research and promoting public health

## STRATEGIC INITIATIVES

### RUN

Continuous quality improvements that drive the success of core Society operations, programs and services.

Optimize the development, dissemination and adoption of timely and relevant ID guidance and guidelines to improve the outcomes of clinical care.

### GROW

Targeted opportunities, to expand the Society's reach and impact.

Quantify, communicate and advocate for the value of ID physicians to increase professional fulfillment and compensation.

Facilitate the growth and development of the ID workforce to meet emerging scientific, clinical, and leadership needs.

### TRANSFORM

Investment in new areas that will yield significant return on investment or mission and position the Society for future success.

Develop and position a new tool to serve as the leading US benchmark to measure and drive national progress on AMR.
